THE POWER OF IDENTIFICATION

THE **WARM EVOLUTION**
OF SOFT-SHELLS

WATERPROOF.
COLDPROOF.
LIFE PROOF.

**STRONG OUTSIDE,
SOFT INSIDE.**

A collection to be explored,

to venture into any environment with a perfect mix of technical features and style, protection and comfort, versatility and resistance. The Padded Soft-Shell jacket line by Payper interprets the codes of outdoor fashion, to offer a wide choice of models ideal for outdoor experiences and for anywhere where it is important to protect yourself from water and humidity, air and low temperatures.

PATHS IN THE MIDDLE OF NATURE, URBAN ROUTES, WORKSPACES: THANKS TO THEIR EXCELLENT FIT, THE FUNCTIONAL AND DESIGN DETAILS, THE DIFFERENT AESTHETIC AND CHROMATIC VARIANTS, THE PAYPER PADDED SOFT-SHELL TECHNICAL JACKETS ARE READY TO ACCOMPANY YOU AT YOUR BEST ANYWHERE, BOTH IN THE PROFESSIONAL FIELD AND DURING YOUR FREE TIME.

In the Padded version,

the three layers of the outer fabric, which make all Soft-Shell garments highly waterproof, windproof and at the same time breathable, are combined with a warm padding for defence against the cold. Protection from low temperatures is certified according to the EN14058:2017 standard, classifying the garments as category II PPE.

WONDER PAD S00294-0489

330 g/m² | 78%PA | 22%EA

Functionality becomes style in this padded Soft-Shell jacket, full of details, for a high level of comfort and safety. The retroreflective inserts and the "life-saving" element on the back, with the reflective Payer logo that is revealed by opening the coated zip, ensure high visibility even in low light situations. The numerous pockets, three external and two internal, allow keeping everything you need close at hand, while the removable hood, adjustable cuffs and bottom offer the pleasure of a personalised fit.

Removable hood with adjustable drawstring

Lock System pocket, with badge holder and pen holder

Retroreflective stripes

Zip with "semi auto-lock" slider and customised pull

Sporty cut and smart design characterise the padded model of this Soft-Shell, designed with practicality and freedom of movement in mind. Thanks to the adjustable elements such as the hood, which is removable and equipped with a drawstring, the cuffs and the bottom, everyone can adapt the fit of the garment according to their needs. Added to these features are the many details that ensure safety and originality, such as the front retroreflective band, the "Life-saving" element, with a retroreflective logo visible with the zip open, and pockets of various sizes, internal and external, designed to comfortably store the objects you want to have with you.

CREEK PAD S00330-0489

330 g/m² | 78%PL | 22%EA

Comfortable and informal, Creek Pad is the ideal choice for feeling at ease, efficient and protected in any situation. The dynamic shapes are enhanced by small fluorescent details and retroreflective stripes on the back and hood, useful for capturing the reflections of the lights and for standing out. The adjustable hood adapts to the face, offering complete coverage. The polar fleece inserts and the many storage pockets make this jacket a multitasking garment, ready to dress every moment with personality.

Thanks to the combination of technical qualities, refined aesthetics and functionality, Stream Pad is the right choice for those who don't want to compromise between practicality and style. Characterised by a modern design, it is completed by essential details that give the garment a unique touch. The side pockets with reflective details ensure greater visibility and facilitate daily activities. The removable hood, with adjustable drawstring, is an excellent ally for unpredictable days, as are the side polar fleece details in the collar and the sleeves in the cuffs, with thumb holes, which offer extra comfort and special protection from the cold and wind.
